

Hi! I'm Christie, a **Product Designer** with **8+ years of experience**. I am a specialist in **UX visual concepting** and **design language architecture**, with strong strategic thinking that ensures my designs are scalable, future-proof, and visionary. With my background in English & Computer Science, I am a storyteller & problem solver with a proven record of impact.

WORK EXPERIENCE

Global Future Leader @ Lenovo (Aug 2022 - now)

*GFL represents the top 1% of early career hires at Lenovo.

Sr. AI Product Designer (June 2024 - now) — I own the **end-to-end customer experience** for all Lenovo cloud-based AI apps. I push product roadmaps to their limits every day with far-future concept proposals for unified, "single pane-of-glass" Lenovo experiences. I defined the product vision for [Lenovo IT Assist](#) from day one, pioneering patentable generative AI design patterns and leading beta-testing efforts to proactively diagnose and resolve customer pain points.

UX Architect (Jan 2023 - June 2024) — I co-created [Cake UI](#), Lenovo's new unified design language, mapping 500+ variables to 100+ components in Figma. I used Cake to redesign Lenovo Vantage consumer app (3mil+ daily usership). I was then selected to lead & own [Red Velvet](#), a B2B sub-language of Cake, creating 200+ components from scratch. I am now using Red Velvet to redesign 8 Lenovo SaaS cloud solutions, including Lenovo Device Intelligence and Lenovo Cloud Marketplace.

Cloud Engineer (Aug 2022 - Jan 2023) — I helped develop a device ecosystem app in .NET WPF & owned its sample app.

Design Founder @ Gridify (Sep. 2024 - now)

I was the 3rd teammate to join [Gridify](#), a climate tech startup transforming the Renewable Energy Certificate market. As the sole designer from day one, I **defined and executed the branding strategy and led product design** in Figma, driving the visual and strategic direction of both the brand and product. I also create marketable reports for our clients using InDesign.

Tech Incubation intern @ Memorial Sloan Kettering (Summer 2020 & 2021)

Summer 2021 — I PoC'ed & demo'ed 4 far-future AR/VR use cases in the cancer hospital setting (e.g. holographic pets), combining tools/tech including Unity, Vuforia, Leap Motion, Microsoft HoloLens, Twitch, and StreamLabs OBS.

Summer 2020 — I transitioned an internal patient survey service with 180,000+ users and 1.5+ mil entries to IBM Watson Chatbot, then [presented results](#) to C-suite executives. I led my team to 1st place in an accessible healthcare hackathon.

EDUCATION

B.S. Computer Science & B.S. English @ Yale University (Class of 2022, GPA 3.74/4.0)

Inaugural Digital Editor @ Yale Daily News (2020-2021) — Redesigning website, prototyped new app, rebranded social media (5x engagement).

Production & Design Editor @ Yale Daily News (2018-2020) — Produced 12-24pg [InDesign spreads & Illustrator graphics](#) every night under time crunch. Created workflow infrastructure for remote pandemic production.

Founder & Lead PM @ Amoriem Labs (2019-2022) — Founded & PM'ed [Yale's only undergraduate game studio](#) and recruited 300+ members over the years. Established art, story, programming & music cohorts and developed their training materials. Produced 3 game titles.

SKILLS

Design:

- **Figma** (variables, components, libraries, prototypes)
- **Adobe Illustrator** (Udemy certified), **InDesign** (8+ years experience), XD
- **UX writing** & copywriting to legal precision
- Procreate & Photoshop ([@artmiesa](#))

Other:

- Agile PM: Atlassian suite & GitHub projects
- Backend (C, C#, Python), Frontend (JavaScript, node.js), database tools
- English & Mandarin Chinese

OTHER INTERESTING VENTURES

Marketing & Events Coordinator @ High Profile Club (Summer 2019) — Directed & MC'ed 5 masterclass events for 60+ attendees at self-booked London venues. Managed InfusionSoft marketing campaigns. Edited & designed 120pg [book](#).

Assistant Paralegal @ MT Law, LLC (Summer 2018) — Wrote, copy-edited, & filed USCIS immigration [petitions](#).

Founder @ Student Corps (2017 to now) — Founded & leading [501\(c\)\(3\) non-profit](#) org with 70+ chapters and hundreds of student volunteers. Designed and taught [8-week English seminar](#) for 70+ students, fundraising \$26,052 for CARE.
